

Subject: Become a Data Day Champion

Dear [First Name],

MORPC and the Regional Data Roundtable will host the fifth annual Data Day, Central Ohio's signature event for the people who create, analyze, and use data. We'd like your help to make it happen.

Data Day Champions are members of our data community who pitch in at a few key moments during the year. There's no committee and no recurring meetings. Just a handful of specific, time-bound ways to help you choose from based on your interests and time. Champions help:

- Connect us with potential keynote and session speakers (early fall)
- Promote the Call for Session Proposals across their networks (late September–October)
- Introduce us to organizations that might sponsor Data Day (fall)
- Encourage registration around the region (winter)
- Facilitate a session or welcome attendees on event day

Most take an hour or two, so you can take on as many or as few as you like. In return, you'll help strengthen the partnerships and shared learning that move data practice forward across the region, and grow your own connections within it. For more on each one, see the attached Ways to Help.

Already have a keynote speaker in mind? You can suggest one anytime (no sign-up required) at our Suggest a Keynote form: <https://forms.cloud.microsoft/r/mYmz1bctPH>. Just surface a name and why they'd inspire the room; MORPC staff handle the invitation from there.

Interested? Sign up here: <https://forms.cloud.microsoft/r/7cFXhbQeMc>, or just reply, by Friday, August 14, 2026. We'll follow up with the details and timing. For more about the Data Day Champions program, see the attached FAQ or email jinskeep@morpc.org.

Thank you for helping us mark five years of Data Day.

Sincerely, [Your Name] [Title], Mid-Ohio Regional Planning Commission On behalf of the Regional Data Roundtable
