

Subject: An invitation to champion Data Day 2027

Dear [Name],

MORPC and the Regional Data Roundtable are planning the fifth annual Data Day, and you were one of the first people we thought of.

This year we're inviting a small group to serve as Data Day Champions: people who lend their expertise and connections at a few key moments in the planning process, rather than through standing meetings. Given your [past session on X / leadership in Y / work on Z], we'd be grateful for your help with [specific way to help, e.g., suggesting a keynote speaker or promoting the Call for Session Proposals in your network]. The commitment is small and entirely up to you: a handful of time-bound opportunities between now and February, and you take on the ones that fit. Champions help:

- Connect us with potential keynote and session speakers (early fall)
- Promote the Call for Session Proposals across their networks (late September–October)
- Introduce us to organizations that might sponsor Data Day (fall)
- Encourage registration around the region (winter)
- Facilitate a session or welcome attendees on event day

For more on each one, see the attached Ways to Help.

Could I set up a brief call in the coming weeks to walk you through it? Or if you already know you're in, just reply, or sign up here: <https://forms.cloud.microsoft/r/7cFXhbQeMc>. For more about the Data Day Champions program, see the attached FAQ or email jinskeep@morpc.org.

And if a keynote speaker comes to mind in the meantime, you can suggest one anytime (no sign-up required) at our Suggest a Keynote form: <https://forms.cloud.microsoft/r/mYmz1bctPH>. Just surface a name and why they'd inspire the room; we'll handle the invitation from there.

We'd be honored to have your help in this milestone year.

Sincerely, [Your Name] [Title], Mid-Ohio Regional Planning Commission
