MID-OHIO REGIONAL MORPC PLANNING COMMISSION

Data Day 2027: Call for Proposals (DRAFT)

> **Audience:** outward / public (CFP packet + online submission form). **Status:** working draft, adapted from the 2026 CFP. Placeholders in **[brackets]** need confirmation before release.

Data Day 2027: Call for Proposals

Plotting What's Next

Five years forward for Central Ohio's data community

Proposals due Friday, November 27, 2026

For five years, Data Day has convened Central Ohio's data community: the local governments, nonprofits, educational institutions, and civic-minded businesses working to make Central Ohio a leader in using data to improve the quality of life for all residents. The Regional Data Roundtable (RDR) invites you to help plot the course for the next five.

We are seeking session proposals that share the tools, analyses, projects, and lessons advancing data work in the region. This year, we especially encourage proposals on **data governance, data management, data analysis, and data infrastructure**. Every data topic is welcome. New this year, you will tag your session with up to two topics, which appear in the agenda so attendees can find the sessions they came for.

When	Thursday, February 18, 2027 · 9:00 AM–3:45 PM
Where	Center for Workforce Development, Columbus State Community College
Sessions	45 minutes, with significant time for Q&A and audience engagement
Submit	Data Day 2027 Submission Form

Strong proposals are practical and interactive. Every submission should state clear takeaways for attendees and explain how presenters will engage the room.

Thank you for your interest in Data Day 2027. We look forward to your contribution and to the continued growth of Central Ohio’s data community.

Sincerely,

The Regional Data Roundtable (RDR)

William Murdock, AICP	**[Name]**	**[Name]**	**[Name]**
Executive Director	[Chair]	[Vice Chair]	[Secretary]

Submission questions

Applicant name and contact

The person submitting the proposal. This person will be our main point of contact for the proposal and the event.

Session title (limit: 10 words)

A concise title for the event brochure that conveys the session's main topic or purpose.

Session objectives (limit: 20 words each)

Up to three objectives. What will attendees learn, gain, or be able to do after your session?

Session description (limit: 100 words)

Your "why attend this session?" pitch for the website and brochure. Include the intended audience and main takeaways. You may also name the subject matter, data types, software, or skills covered.

Session abstract (limit: 300 words)

A fuller summary of the session: format, content, intended audience, expected outcomes, and how it connects to the theme. Note any presentation elements you plan to use, such as live polls, interactive visualizations, or handouts.

Speakers and affiliations

All speakers and their primary organizational affiliations.

Technical skill level

Where does your session fit?

Level	Who it's for
0: All audiences	No technical background needed; conceptual, strategic, or policy-oriented.
1: Beginner	Some data familiarity helpful; introduces a tool or method.
2: Intermediate	Assumes working knowledge; hands-on with specific tools or methods.
3: Advanced	For experienced practitioners; deep or specialized technical content.

Topic tags (select up to two)

Which topics best describe your session? Tags appear in the agenda and brochure.

- Data Governance & Stewardship
- Data Management & Quality
- Data Infrastructure & Engineering
- Data Analysis & Statistical Methods
- Data Visualization & Storytelling
- AI & Machine Learning
- GIS & Spatial Analysis
- Open Data & Transparency
- Privacy, Ethics & Security
- Program Evaluation & Research Methods
- Data Literacy & Workforce

Audience engagement (limit: 100 words)

How will you engage the audience and encourage participation during the session?
